

# Muhammad Hanif Fauzi

## Full-stack Developer

South Tangerang | +6281384878500 | [Email](#) | [LinkedIn](#) | [Github](#)

## **SUMMARY**

---

A law graduate transitioning into software engineering with hands-on experience in developing and deploying full-stack web applications using Next.js, Express.js, TypeScript, and PostgreSQL. Skilled in building authentication systems, payment integrations, and responsive user interfaces with modern tools like Prisma, Tailwind CSS, Shadcn UI, and DaisyUI. Experienced in managing projects through Agile collaboration and applying best practices in clean code, RESTful API design, and user-centered development. Passionate about continuous learning, teamwork, and delivering impactful digital solutions.

## **PROJECT EXPERIENCE**

---

### **Laundry Web Application**

Final Project – Fullstack Web Development Bootcamp

[Link](#)

- Designed and built a full-featured laundry service app enabling customers to request pickups, track progress, and make payments online.
- Developed authentication, address management, and order tracking features using Next.js, Express.js, Prisma, and PostgreSQL.
- Integrated Midtrans payment gateway and optimized mobile-first UI, improving transaction reliability and user accessibility.
- Collaborated with a 3-member team under Agile sprints, emphasizing teamwork and problem-solving in full-stack development.

### **Event Management Platform**

Mini Project – Fullstack Web Development Bootcamp

[Github](#) | [Github](#)

- Created an event discovery and registration platform supporting referral systems and real-time payment tracking.
- Implemented authentication, role-based access (customer & organizer), and email notifications using Next.js and Express.js.
- Improved UX through responsive design and dynamic dashboards for event organizers to monitor attendees and sales data.

### **Personal Portfolio Website**

[Link](#)

- Developed a personal portfolio website to showcase projects, resume, and contact links using Next.js and Tailwind CSS.
- Focused on responsive design and clean navigation to ensure a smooth browsing experience across devices.

### **Company Profile Website**

[Link](#)

- Built a six-page company profile website (Home, About, Services, Teams, Blog List, Create Blog) with dynamic content from Headless CMS.
- Implemented authentication for blog creation and management features restricted to registered users.
- Delivered a clear, mobile-friendly layout to highlight company branding and improve engagement.

## **WORK EXPERIENCE**

---

### **Procurement Division, Oh My Milk!**

Procurement Officer - Depok, Indonesia (Jun 2021 – Jan 2022)

- Negotiated and managed supplier contracts, ensuring accurate and timely procurement processes that supported daily operations.
- Monitored inventory data to prevent shortages and improve stock accuracy by collaborating closely with internal teams.
- Improved documentation and reporting workflows led to better team coordination and more reliable data records.

## **Internship, Painan, Indonesia**

Customer Service & Operations Intern - South Tangerang, Indonesia (Dec 2020 – Jun 2021)

- Assisted with POS transactions and managed customer service responsibilities to maintain 100% accuracy of payments at the moment of peak store operations.
- Reports on managed inventory levels to control usage and minimize shorted orders.
- Strengthened communication and adaptability while contributing to a small, fast-paced retail team environment.

## **EDUCATION**

---

### **Purwadhika Digital Technology School (2025),**

Full-stack Web Development

### **STDI, Imam Syafi'i Jember (2020 - 2024),**

Islamic Family Law, 3.73/4.00

## **LICENSES & CERTIFICATION**

---

### **Purwadhika Digital Technology School (October 2025)**

Full-stack Web Development
